Zip upload installation method (make sure uploads up to 2MB are allowed for your hosting):

1. Installation Steps:

1. Login to your Wordpress site administrator panel and head over the Appearances -> Themes
2. Click 'Add New'
3. Choose the 'Upload' option.
4. First Activate Divi Parent Theme By Uploading a copy Available With You.
5. Install and activate **Author** Child Theme by uploading copy of child theme Zip file available with you.

6. After activating Child Theme at top you will see the notification as '**begininstalling plugin**' plugin name: '**one click demo import**'. Click on that link to install concern plugin.

Screenshot

7. Go To "Appearance". Click on "Import Demo Data" and Click on "Import Demo Data" Button. This will import **AuthorChild Theme** Content into your site.

8. Go to Appearance > Menus. Assign the menu as the primary menu.

9. Go to Divi and Click on "Theme Options" and set additional settings as per need.

10. To Import Logo You Need Import JSON(**Author.json**) File : Go To "Divi Theme Option". Import JSON file by clicking arrow as shown in screenshot below in "Divi Theme Options." and Click on "Import."

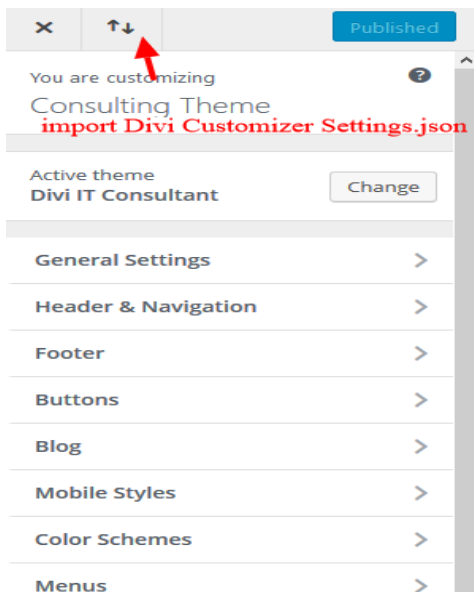

11. Go To Appearance > Divi > Theme Customizer > Import JSON file by clicking arrow as shown in screenshot below under "Theme Customizer" Click on arrow and import JSON file "Divi Customizer Settings.json." and Click on "Import."

A. For Logo

The screenshot shows the Divi Theme Options interface. On the left is a dark sidebar with a menu including 'Comments', 'Projects', 'Appearance', 'Plugins', 'Users', 'Tools', 'Settings', 'Divi', 'Theme Options', 'Theme Customizer', 'Module Customizer', 'Role Editor', 'Divi Library', and 'Collapse menu'. The 'Divi' option is highlighted in blue. A red arrow points from the 'Divi' menu item to the 'Divi Theme Options' header. The main content area has a purple header with 'Divi Theme Options' and a sub-header with tabs: 'General', 'Navigation', 'Builder', 'Layout', 'Ads', 'SEO', 'Integration', and 'Updates'. A red arrow points to a double-headed arrow icon in the 'Updates' tab. Below the tabs, the 'General' section is active, showing the 'Logo' field with a text input, 'RESET', and 'UPLOAD' buttons. Other settings include 'Fixed Navigation Bar' (ENABLED), 'Enable Divi Gallery' (DISABLED), and 'Color Pickers Default Palette' with a color selection row. Red text annotations include 'click here' pointing to the 'Divi' menu item and 'click here to import json file for Logo to appear' pointing to the double-headed arrow icon.

B. Customizer Setting

The screenshot shows the Divi Customizer interface. At the top, there is a 'Published' button and a double-headed arrow icon. A red arrow points to this icon. Below the header, it says 'You are customizing Consulting Theme' with a question mark icon. A red text annotation 'import Divi Customizer Settings.json' is overlaid on the text. The main area shows 'Active theme Divi IT Consultant' with a 'Change' button. Below this is a list of settings categories with right-pointing chevrons: 'General Settings', 'Header & Navigation', 'Footer', 'Buttons', 'Blog', 'Mobile Styles', 'Color Schemes', and 'Menus'.

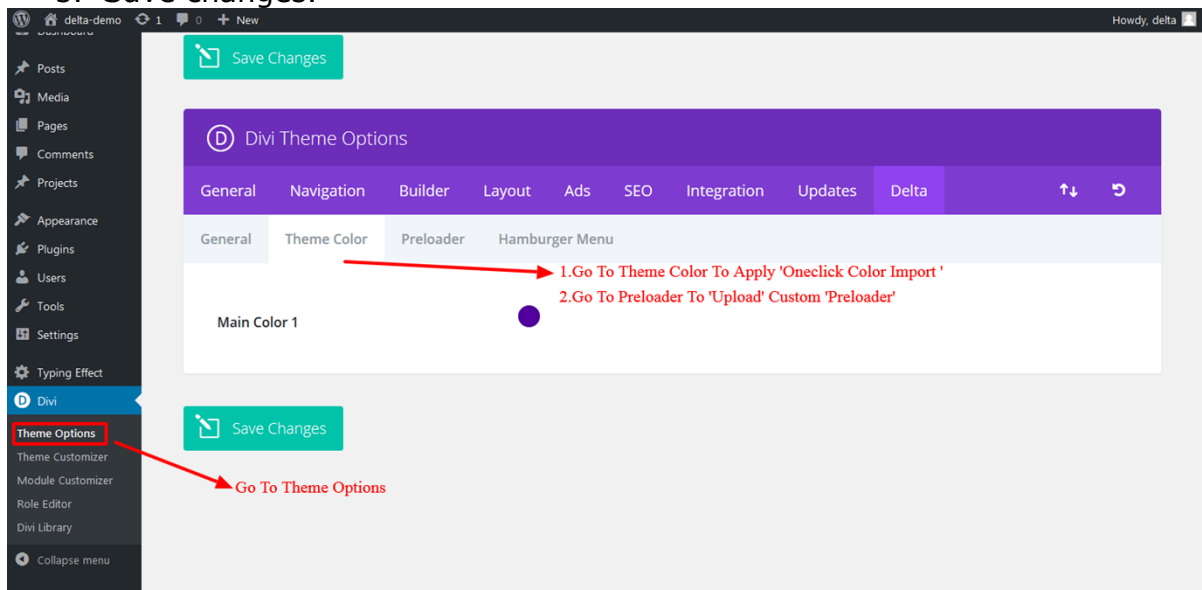

2.FTP uploads installation method:

FTP uploads installation method:

1. Upload ' Divi Parent Theme' & '**Author**' (child theme) to the /wp-content/themes/ directory using your FTP client.
2. Activate the Theme through the 'Appearance - > Themes 'Menu'
3. Go to the ' Word Press Admin ' and repeat step "1 to 10" above
4. Finally enjoy it.

Apply One Click Color Import :

1. Go To "**Divi Theme Option**".
2. Click on "**Author**" and select "**Theme Color**" and apply changes as shown in the screenshot below.
3. Save changes.

Custom Pre-Loader Option :

1. Go To **"Divi Theme Option"**.
2. Click on **"Author"** and select **"Pre-loader"**. You can upload any custom pre-loader you need apply on your website from the setting.
3. Save changes.

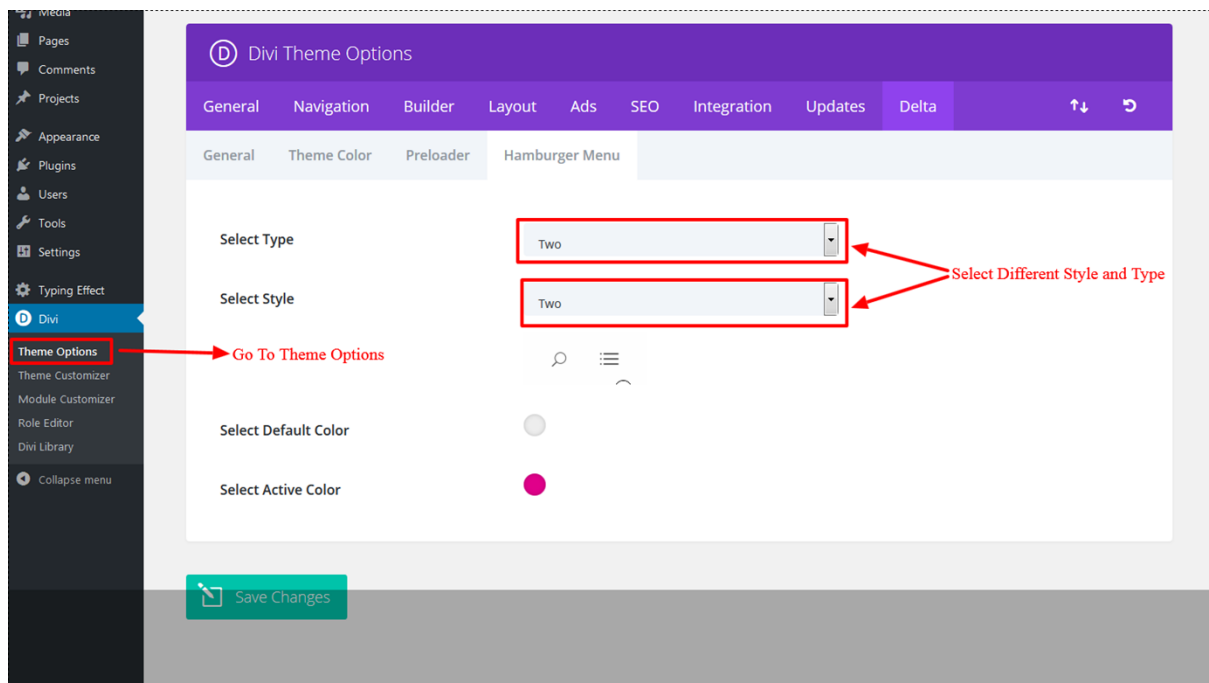

The screenshot displays the Divi Theme Options interface. On the left, a sidebar menu lists various settings, with "Theme Options" highlighted in a red box. A red arrow points from this menu item to the "Preloader" tab in the main settings area. The "Preloader" tab is active, showing several configuration options. A red arrow points from the text "Click Preloader To Upload Custom 'Preloader' On Your Website" to the "UPLOAD" button. Another red arrow points from the text "Go To Theme Option" to the "Theme Options" menu item. The settings include:

- Display Preloader On Site: ENABLED
- Preloader Custom Image Uploader(GIF): [RESET] [UPLOAD]
- Custom Preloader Image Width Size: 200
- Custom Preloader Image Height Size: 200
- Background Color:
- Preloader Effects: FadeOut
- Preloader Fadeout Speed: Fast
- Preloader Delay Time: 500
- Preloader Body Opacity: 1

A "Save Changes" button is located at the bottom left of the settings area.

Custom HamburgerMenuOption :-

1. Go To "Divi Theme Option".
2. Click on "**Author**" and select "**Hamburger Menu**". You can select style from available 20 combination style by shuffling option under "**Select Type / Select Style**". You can select "**Color**" from the setting too for your Hamburger Menu.
3. Save changes.
